Set on a spacious lot with peaceful mountain views, this rambler offers space, privacy, and room to make it your own. A long setback from the road creates a quiet, tucked-away feel, while the spacious open floor plan allows great natural light. The living area features a classic brick fireplace. The primary bedroom includes a private bath for added comfort. Outdoor living shines with a large deck, fire pit, and even a chicken coop—perfect for gardening, hobbies, or simply enjoying the setting. The property includes a 2-car garage and no HOA, giving you flexibility for projects, parking, and future plans. With solid bones and sweat-equity potential, this home is an excellent opportunity to build value in a beautiful location.
